Enclosure time

Tiempo de mamparas

Temps des parois de douche

Empezamos en 1993 fabricando bañeras de hidromasaje y columnas de ducha con una visión, transformar el baño y democratizar el hidromasaje. A finales de los 90 introdujimos las cabinas de hidromasaje acrílicas, un producto que aunaba la complejidad y tecnologías necesarias para la fabricación de mamparas.

En 2010 con toda la experiencia acumulada con las cabinas de hidromasaje y el cambio del modelo de consumo derivado de la crisis económica decidimos implementar las mamparas de ducha como familia de producto estratégica para la marca. Con una oficina de diseño ya fuertemente establecida en la empresa, concebimos las mamparas con la misma filosofía que concebimos el resto de familias de producto, desarrollamos productos con una estética cuidada, con la mejor relación calidad-precio.

En nuestra búsqueda para dar soluciones a las necesidades más complejas de cada cliente en 2018 empezamos la fabricación de mamparas a medida y customizadas, ampliando para ello nuestras instalaciones con más de 1.000 m² para dar cabida a dos líneas nuevas de mecanizado de perfiles, ensambleaje y embalaje.

En 2023 se incorpora el *total look*, unificando acabados con otras familias de producto como las griferías.

We started in 1993 manufacturing whirlpool bathtubs and shower columns with a vision, transforming the bathroom and democratizing the whirlpool. At the end of the 90's we introduced the acrylic hydromassage cabins, a product that combined the complexity and technologies necessary for the manufacture of shower enclosures.

In 2010, with all the experience accumulated with the hydromassage cabins and the change of consumption model derived from the economic crisis, we decided to implement the shower enclosures as a strategic product family for the brand. With a design office already strongly established in the company, we conceived the shower enclosures with the same philosophy that we conceived the rest of product families, we developed products with a careful aesthetics, with the best value for money.

In our quest to provide solutions to the most complex needs of each client, in 2018 we began the manufacture of custom-made shower enclosures, expanding our facilities with more than 1,000 m² to accommodate two new lines of machining profiles, assembly and packaging.

In 2023, the concept of *total look* will be introduced, which unifies finishes with other product families, such as faucets.

Nous avons commencé en 1993 à fabriquer des baignoires balneo et des colonnes de douche avec une vision, transformant la salle de bain et démocratisant l'hydromassage. A la fin des années 90, nous avons introduit les cabines d'hydromassage en acrylique, un produit qui combinait la complexité et les technologies nécessaires à la fabrication des parois de douche.

En 2010, avec toute l'expérience accumulée avec les cabines d'hydromassage et le changement de modèle de consommation issu de la crise économique, nous avons décidé de faire des parois de douche une famille de produits stratégiques pour la marque. Avec un bureau d'études déjà fortement implanté dans l'entreprise, nous avons conçu les parois de douche avec la même philosophie que nous avons conçu le reste des familles de produits, nous avons développé des produits avec une esthétique soignée, avec le meilleur rapport qualité/prix.

Afin de répondre aux besoins les plus complexes de chaque client, nous avons commencé en 2018 la fabrication de parois de douche sur mesure, en agrandissant nos installations de plus de 1.000 m² pour accueillir deux nouvelles lignes d'usinage de profilsés, d'assemblage et de conditionnement.

En 2023, le *total look* est incorporé, unifiant les finitions avec d'autres familles de produits telles que les robinets.

Our DNA

Nuestro ADN

Notre ADN

Sanycces es la suma de Sanyc (sanitario) y las siglas C.E.S.		
	C de Calidad.	Cristal termoendurecido de seguridad acorde a EN 12150.
		Marcado CE en todas las mamparas.
		Control de calidad en cada fase de la producción para asegurar los más altos estándares.
E de Eficacia.		
	Todas nuestras mamparas son reversibles, por lo que no hay duplicidad de códigos para versiones de izquierda y derecha.	
	Embalaje en dos bultos para mamparas con peso superior a 60 kg.	
	Paletizado vertical para evitar apilamientos dañinos en transporte a destino.	
S de Servicio.		
	En mamparas de ducha estándar la disponibilidad es inmediata gracias a nuestro stock de producto terminado.	
 7 days	En mamparas de ducha a medida, el plazo de entrega es de 7 días.	
 15 days	En mamparas de ducha customizadas, el plazo de entrega es de 15 días.	

Sanycces, is the sum of Sanyc (for sanitary-health) and acronyms C.E.S.		
	C for Quality (“Calidad” in Spanish)	Thermoset safety glass according to EN 12150.
	CE marking on all shower enclosures.	
	Quality control at every production stage to ensure the highest standards.	
E for Efficiency.		
	All our shower enclosures are reversible, so there is no duplication of codes for left and right versions.	
	Packing in two boxes for shower enclosures weighing more than 60 kg.	
	Vertical palletizing to avoid unsafe stacking during transport to destination.	
S for Service.		
	For standard shower enclosures, the availability is immediate thanks to our stock of finished product.	
	For made to measure shower enclosures, the lead-time is 7 days.	
	For custom shower enclosures, the lead-time is 15 days.	

Sanycces, c’est la Somme de Sanyc (sanitaire) et les sigles C.E.S.		
	C de qualité.	Verre de sécurité thermodurcissable selon EN 12150.
	Marquage CE sur toutes les parois de douche.	
	Contrôle de la qualité à chaque étape de la production pour garantir les standards les plus élevés.	
E d’Efficacité.		
	Toutes nos parois de douche sont réversibles, il n’y a donc pas de duplication de codes pour les versions gauche et droite.	
	Emballage en deux paquets pour cloisons de plus de 60 kg.	
	Palettisation verticale pour éviter l’empilage nocif pendant le transport jusqu’à destination.	
S de Service.		
	Dans les parois de douche standard, la disponibilité est immédiate grâce à notre stock de produits finis.	
	Pour les cabines de douche sur mesure, le délai de livraison est de 7 jours.	
	Pour les cabines de douche personnalisées, le délai de livraison est de 5 jours.	

A glass and metal story...

Una historia de vidrio y metal...

Une histoire de verre et de métal...

sanycces

Empleamos aluminio anodizado para la perifería de nuestras mamparas por sus ventajas estructurales, su propiedad anticorrosiva y por sus posibilidades decorativas, además de por su manufacturabilidad.

We use anodized aluminium for the profiling of our shower enclosures due to its structural advantages, anti-corrosion properties and its decorative possibilities, as well as its manufacturability.

Nous utilisons de l'aluminium anodisé pour le profilage de nos parois de douche en raison de ses avantages structurels et anticorrosion et de ses possibilités décoratives, ainsi que de sa facilité de fabrication.

El cristal es el alma de la mampara. Termoendurecido de seguridad, manipulado con mimo y pulido para eliminar cualquier impureza.

Glass is the soul of the shower enclosure. Thermosetting safety, handled with care and polished to remove any impurities.

Le verre est l'âme de la parois de douche. La sécurité thermodurcissable, manipulée avec soin et polie pour éliminer toutes les impuretés.

One finish for each style

Un acabado para cada estilo

Une finition pour chaque style

sanycces

Nuevos acabados atemporales que aportan el toque de valor en cualquier estilo de interiorismo.

New timeless finishes that add a touch of value to any interior design style.

De nouvelles finitions intemporelles qui apportent la touche finale à tout style de décoration intérieure.

A circular swatch showing a bright, reflective chrome finish.

CR

El cromo brillo es bello, fácilmente combinable y atemporal. El proceso de cromado asegura unos espesores de níquel y cromo uniformes que garantizan la resistencia del producto a la corrosión además de un brillo y suavidad insuperables.

Chrome plate is beautiful, easily combined and timeless. The chrome-plating process ensures uniform nickel and chrome thicknesses that guarantee the product's resistance to corrosion, as well as unsurpassed shine and softness.

Le chrome brillant est beau, facile à combiner et intemporel. Le procédé de chromage assure des épaisseurs uniformes de nickel et de chrome qui garantissent la résistance du produit à la corrosion ainsi qu'une brillance et une douceur inégalées.

A circular swatch showing a solid, non-reflective black matt finish.

BM

Negro mate, un acabado básico y versátil en múltiples estilos. Sedoso, oscuro, profundo. El recubrimiento electrolítico garantiza la durabilidad del color y su adherencia al soporte.

Black matt, a basic and versatile finish in multiple styles. Silky, dark, deep. The electrolytic coating guarantees the durability of the color and its adherence to the support.

Noir mat, une finition basique et polyvalente dans de multiples styles. Soyeux, sombre, profond. Le revêtement électrolytique garantit la durabilité de la couleur et son adhérence au support.

A circular swatch showing a dark, brushed metal finish with a fine grain.

MG

Metal gun, este acabado cepillado en color gris oscuro resulta contundente, industrial, masculino... Este acabado se fabrica mediante la misma técnica *PVD* que se emplea para recubrir las puntas de las brocas de taladrar, consiguiendo con ello un color perdurable en el tiempo.

Metal gun, this brushed finish in dark gray color is forceful, industrial, masculine... This finish is manufactured using the same *PVD* technique used to coat the tips of the drill bits, thus achieving a lasting color over time.

Metal Gun, cette finition brossée de couleur gris foncé est saisissante, industrielle, masculine... Cette finition est fabriquée selon la même technique *PVD* que celle utilisée pour revêtir les pointes des mèches de forage, ce qui permet d'obtenir une couleur durable.

A circular swatch showing a dark, brushed metal finish with a fine grain.

RM

Raw metal, la fusion entre los acabados industriales y la elegancia se está extendiendo en nuestros hogares, gracias a su innovador y sofisticado acabado en *PVD*.

Raw metal, the fusion between industrial finishes and elegance is entering our homes, thanks to its innovative and sophisticated *PVD* finish.

Raw metal, la fusion entre les finitions industrielles et l'élégance se répand dans nos maisons, grâce à sa finition *PVD* innovante et sophistiquée.

A circular swatch showing a light, brushed nickel finish with a fine grain.

NB

Níquel cepillado, acabado minimalista, atemporal y sobrio, perfecto para combinar con acero inoxidable. También fabricado mediante técnica *PVD*.

Nickel brushed, minimalist finish, timeless, perfect to combine with stainless steel. Also manufactured by *PVD* technique.

Nickel brossé, finition minimaliste, intemporelle et sobre, parfaite pour se combiner avec l'acier inoxydable. Également fabriqué selon la technique *PVD*.

A circular swatch showing a warm, brushed gold finish with a fine grain.

BG

Oro cepillado, un color oro de 18K sofisticado a la vez que contenido. Se convierte en pieza de acento, protagonista en cualquier composición. Fabricado mediante técnica *PVD*.

Brushed gold, a sophisticated yet restrained 8K gold color. It becomes an accent piece, a protagonist in any composition. Manufactured using *PVD* technique.

L'or brossé, une couleur d'or 18K sophistiquée mais contenue. Elle devient une pièce d'accent, un protagoniste dans chaque composition. Fabriqué en utilisant la technique *PVD*.

A circular swatch showing a warm, brushed rose gold finish with a fine grain.

RG

Oro rosa cepillado, un acabado de tendencia con brillos rojizos que transmite estilo propio y elegancia. Por supuesto, fabricado mediante técnica *PVD*.

Brushed rose gold, a trendy finish with reddish glitter that conveys style and elegance. Of course, made by *PVD* technique.

L'or rose brossé, une finition tendance avec des reflets rougissants qui transmet style et élégance. Bien sûr, réalisé par la technique *PVD*.

Sanyclean

Una de nuestras inquietudes siempre ha sido la limpieza de nuestros productos y que ésta sea lo más fácil y duradera posible, reduciendo el tiempo de mantenimiento del producto para que el usuario se centre en lo más importante, disfrutar de su uso.

Nuestras mamparas con tratamiento antical sanyclean aplicado industrialmente presentan una película superficial incolora que aporta una alta tensión superficial. Como resultado el cristal repele el agua evitando los restos de cal y suciedad. Gracias a este tratamiento obtenemos los siguientes beneficios:

- Fácil limpieza.
- Menos depósitos de suciedad y de cal.

One of our concerns has always been the cleanliness of our products and that this is as easy and durable as possible, reducing the maintenance time of the product so that the user focuses on the most important thing, enjoy its use.

Our shower enclosures with industrially applied sanyclean anti-limescale treatment have a colourless surface film that provides a high surface tension. As a result, the glass repels water, avoiding lime and dirt residues. Thanks to this treatment we obtain the following benefits:

- Easy to clean.
- Less dirt and lime deposits.

L'une de nos préoccupations a toujours été la propreté de nos produits et que cela soie est aussi facile et durable que possible, réduisant le temps d'entretien du produit afin que l'utilisateur se concentre sur la chose la plus importante, profiter de son utilisation.

Nos parois de douche avec traitement anticalcaire sanyclean appliqué industriellement ont un film de surface incolore qui fournit une tension superficielle élevée. En conséquence, le verre repousse l'eau, évitant les résidus de calcaire et de saleté. Grâce à ce traitement, nous obtenons les avantages suivants:

- Facile à nettoyer.
- Moins de saleté et de dépôts calcaires.

GARANTÍA

Los productos Sanycces® están garantizados según la normativa europea vigente. Dicha garantía comprende los tres años siguientes a partir de la fecha de factura del producto emitida por Sanycces. Se considerarán válidas aquellas reclamaciones que sean realizadas por escrito. La garantía cubre los defectos de fabricación. La garantía no cubre deterioros no imputables al producto, materiales consumibles que pierden su efectividad con el uso, defectos derivados de negligencia en su manipulación, defectos derivados de la presión del agua excesiva en la red, al igual que los cuerpos extraños en el agua. Sanycces asume la garantía de sus productos, quedando entendido y expresamente convenido que dicha garantía se limitará a la sustitución de los productos que resultasen defectuosos por fabricación, con exclusión de cualquier otra compensación, daños o interés.

MATERIAL EXPOSICIÓN

Todo el material con destino a la exposición y precios especiales, tiene que mantenerse en exposición mínimo 12 meses, de no ser así, se procedería a emitir una nueva factura por el diferencial entre el descuento habitual del cliente y el que se le haya concedido por descuento especial para exposición.

CONDICIONES GENERALES

Los embalajes están incluidos en los precios. Ciertas mamparas tienen un sobrecoste logístico por la compra de menos de 4 unidades.

En exportación, si su pedido no llega al valor mínimo pactado en sus condiciones de trabajo. Se le facturarán los portes indicados en las mismas.

COBERTURA DE RIESGO

Serán aceptados sólo aquellos pedidos que queden cubiertos por la compañía de riesgo con la que estamos operando. Para los pedidos, que no amparados por la compañía de aseguradora, deberán ofrecerse otras medidas de pago garantizado.

PEDIDOS

Todos los pedidos deberán cursarse siempre por escrito, mediante correo electrónico y, en caso de cursarse por teléfono, deberán confirmarse por correo electrónico. Los pedidos se considerarán en firme desde el primer momento de su recepción, no admitiéndose posibles cambios, modificaciones posteriores ni

anulaciones. Los descuentos que deban aplicarse a las ventas de nuestros productos se efectuarán según las condiciones pactadas con el cliente.

DEVOLUCIONES

Transcurridas 24 horas desde que el pedido se recibió en Sanycces, no se admitirán anulaciones. Una vez suministrado el pedido, no se admitirán devoluciones. En el caso de que se aceptara alguna devolución, se aplicaría una quita del 15 % sobre el valor de la mercancía. Rogamos revisen el material a su entrega. No se admitirán devoluciones sobre el material que haya sido instalado.Por roturas. La mercancía que se envía por transporte ordinario viaja asegurada, por lo que en caso de reclamación por roturas esta deberá hacerse antes de las 24 horas siguientes a la recepción de la misma. En caso de que no puede revisar la mercancía en el momento de la entrega realizada por el transportista se deberá hacer constar en el albarán de entrega del transporte pendiente de revisión. En caso de que el cliente verifique la rotura fuera de plazo, deberá ponerse en contacto con su representante al objeto de subsanar la incidencia producida. De todas formas insistimos en hacer hincapié de que revise todo el material a la recepción del mismo.

ASISTÊNCIA TÉCNICA Y POST VENTA

Una red de asistencia técnica distribuida por todo el territorio nacional y portugués les garantiza la tranquilidad de tener siempre cerca un profesional de Sanycces.

Nuestro estricto control de calidad hace que confíemos en lo que ofrecemos. Aún así y completando nuestra garantía, ponemos a su disposición nuestro propio servicio de asistencia post-venta donde encontrará un gran equipo de profesionales dispuesto a ayudarle, informarle y solucionar cualquier incidencia que tenga.

La estratégica situación de nuestras bases de asistencia post-venta nos permite una ágil y rápida respuesta coordinada desde nuestras oficinas centrales. Disponemos de todos los medios necesarios para hacerle llegar nuestros productos en las mejores condiciones. Con el fin de facilitarles la atención a sus consultas y necesidades con la mayor agilidad posible, hemos incluido en nuestro servicio post-venta una dirección de correo electrónico y un número exclusivo:

postventa@sanycces.es

Tel. (+34) 964 51 82 02

NOTA: Sanycces, S.L. se reserva el derecho de cambiar alterar o retirar cualquier producto o componentes del mismo sin previo aviso. Estar en posesión de nuestro Catálogo o Tarifa no otorga el derecho a compra de ninguno de nuestros productos.

NORMAS Y CERTIFICACIONES

Mamparas de ducha:

UNE-EN 14428

EN

WARRANTY

Sanycces® products are guaranteed under existing European legislation. This guarantee covers the following three years from the Sanycces invoice date of the product. Will be considered valid those claims that are made in writing. The guarantee covers manufacturing defects. The warranty does not cover damage not attributable to the product, consumible parts, products which cease to function through use, damage attributable to negligence handling, damage attributable to excessive water pressure in the water network as well as foreign bodies in the water. Sanycces assumes the warranty of its products, being expressly understood and agreed that such warranty is limited to replacement of the products that were defective in manufacture, and no other compensation, damages or interest.

SHOWROOM PRODUCTS

All material destined for the showroom with special prices, has to be kept minimum 12 months in the showroom, otherwise, would proceed to issue a new invoice for the difference between the regular customer discount and the discount which has been granted by special discount for showroom.

GENERAL CONDITIONS

The packages are included in the prices.

Some shower panels have a logistics extra cost for orders less than 4 units.

For export, if your order does not reach the minimum value agreed in your conditions of work. You will be invoiced for the shipping costs indicated in the terms and conditions.

RISK COVERAGE COMPANY

Will only be accepted those which are covered by the risk coverage company with which we operate. Orders not underwritten by the insurance company must offer other guaranteed means of payment.

ORDERS

All orders should be made whenever writing by e-mail, and if filled by telephone, must be confirmed by e-mail. Orders are considered firm at the outset of their receipt, not admitting possible changes, posterior modifications or cancellations. The discounts to be applied to sales of our products are made in accordance with the set conditions agreed with the customer.

RETURNS

No devolution will be accepted after 24

hours since the material was received by the customer. In the case in which a devolution was accepted, a 15% on the value of the material would be paid by the customer. Please, we beg you revise the material the day you receive it. No devolutions will be accepted on the already installed material.

For breakage. The merchandise that travels by regular transportation is insured, so if there is a claim for breakage must be made within 24 hours after receipt thereof. If you can not inspect the goods at the time of delivery by the carrier must be recorded in the transport delivery order pending review. If the client verifies the breaking out of time, should contact their representative in order to overcome the impact produced. However we insist that all the material to check the receipt.

TECHNICAL ASSISTANCE AND POST SALE

A network of technical assistance distributed throughout the country and Portugal guarantees you the safety of always having near a professional of Sanycces. Our strict quality control means that we trust what we offer. Even so, and completing our guarantee, we offer our own after-sales service for assistance to find a great team of professionals willing to help, inform and solve any incidence you may have.

The strategic position of our after-sales assistance bases, enables us to a fast and coordinated response from our headquarters. We have all the necessary means to convey to you our products in the best possible conditions.

In order to provide care to their queries and needs with the greatest flexibility the possible, we have included in our after-sales service an e-mail address and an exclusive telephone number: postventa@sanycces.es

Int. (+34) 964 51 82 02

NOTE: Sanycces, S.L. The manufacturer reserves the right to change, alter or withdraw any products or components thereof without previous notice. Possessing our catalog or price list does not give the right to purchase any of our products.

STANDARDS AND CERTIFICATIONS:

Shower enclosures:

UNE-EN 14428

FR

GARANTIES

Les produits Sanycces® sont garantis selon la législation européenne en vigueur. La garantie débute à la date de facture du produit émise par Sanycces, commandé et la période de validité est 3 ans. Seules les réclamations écrites seront prises en compte . Les garanties couvrent les défauts de fabrication . La garantie ne couvre pas les dommages non attribuables au produit, le renouvellement des produits qui perdent leurs fonctionnalité avec l’usage, sont les appelé consommables, les défauts consécutifs à une utilisation anormale du produit, les défauts consécutifs à une pression d’eau excessive du réseau ou à la présence de corps étrangers dans l’eau. Sanycces garantit ses produits, étant sous entendu et expressément convenu que cette garantie couvre uniquement le remplacement des produits qui présentent des défauts de fabrication, et exclut toute autre indemnisation, dommages et intérêt.

PRODUITS POUR EXPOSITIONS

Tout le matériel qui sera destiné pour expositions et prix spéciaux, doit rester en exposition durant au moins 12 mois, dans le cas contraire, on devra refacturer entre la remise habituelle du client et la remise spéciale faite pour l’ exposition.

CONDITIONS GÉNÉRALES DE VENTE

Les frais d’emballages sont inclus.

Certaines parois de douche ont un coût supplémentaire logistique pour l’achat de moins de 4 unités.

Pour l’exportation, si votre commande n’atteint pas la valeur minimale convenue dans vos conditions de travail. Les frais d’expédition indiqués dans les conditions générales vous seront facturés.

RECOUVREMENT

Seules les commandes couvertes par notre société de recouvrement seront acceptées. Pour les commandes non couvertes par notre société de recouvrement, une garantie alternative de paiement devra être donnée.

COMMANDES

Les commandes doivent nous être adressées soit par e-mail. Si la commande a été effectuée par téléphone, elle devra obligatoirement faire l’objet d’une confirmation écrite par e-mail afin d’éviter tout problème d’interprétation de quantités, références et prix. Les commandes sont considérées comme fermes et définitives dès réception, et aucune

modification, total ou partielle, ou annulation ne sera acceptée. Toute remise applicable sur le montant de nos produits sera établie selon les accords pactés au préalable avec le client.

RETOURS

Passé un délai de 24 heures après réception de la commande chez Sanycces, aucune annulation ne sera acceptée. Aucun retour de marchandise ne sera accepté une fois la commande livrée. En cas d’acceptation de retour d’une marchandise, le matériel retourné sera crédité sur la base de 85% du prix initial.

Important: Merci de bien vouloir vérifier le produit acheté à sa réception. Aucun retour ne sera admis sur un produit installé. Casse. La marchandise fait l’objet d’un envoi sécurisé par transport ordinaire. Tout problème de casse devra être signalé dans les 24 heures après réception. Dans le cas où il ne vous serait pas possible de vérifier la marchandise au moment de la livraison réalisée par le transporteur, il vous faudra mentionner “Sous réserve de contrôle de l’état du contenu” sur le bordereau de réception. Passé le délai de 24 heures, le client devra contacter son représentant afin de résoudre l’incidence. Il est très important de vérifier la marchandise lors de sa réception.

ASSISTANCE TECHNIQUE ET SERVICE APRÈS-VENTE

Un réseau d’assistance technique distribué sur tout le territoire national et portugais vous proportionne la tranquillité d’avoir toujours près de vous un professionnel de Sanycces.

L’excellente qualité de nos produits est assurée par une gestion très stricte de notre service qualité. Cependant et en accord avec notre garantie, nous avons un service après-vente à votre disposition composé par une grande équipe de professionnels prêts à vous aider, à vous informer et à résoudre toute incidence

La situation stratégique de nos centres d’assistance après-vente nous permet une réponse agile et rapide, coordonnée par nos bureaux centraux. Nous disposons des moyens nécessaires pour vous faire parvenir nos produits dans les meilleures conditions. Notre Service après-vente met à votre disposition une adresse email et un numéro de téléphone exclusif pour répondre à vos attentes:
